Tucson, AZ, 85716

January 17, 2019

Shelli Little and Shelli Industries, LLC,

I want to personally extend my thanks for all of your hard work and effort in 2018. Last year, Shelli Industries supplied AGM with 108 orders totaling more than \$68,000 worth of materials. Furthermore, your company maintained a 98 percent quality rating as well as a 100 percent on-time delivery rating. Therefore, it is my pleasure to inform you that these achievements qualify Shelli Industries to be a now three-time recipient of an AGM Supplier of the Year Award.

Now in its third year, AGM's Supplier of the Year Award program annually recognizes the commitment to excellence demonstrated by an elite corps of our suppliers throughout the previous year. To meet the criteria for this award, all AGM vendors are reviewed on a four-point benchmark designed to highlight the abilities of our strongest suppliers. As a result, out of the 272 active AGM vendors in 2018, Shelli Industries was one of only five to qualify for AGM's 2018 Supplier of the Year Award program.

AGM was the first company to design and manufacture environmental control hardware for Hughes Aircraft missile containers in the 1950's. Since then, I am proud to say that we have cultivated a reputation for providing superior quality products and on-time delivery to our nation's warfighters, as well as to the other demanding markets we serve. However, our reputation is made possible only through the continued and unwavering support of our suppliers, which, like you, are committed to maintaining a standard of excellence and integrity that has enabled our company to thrive for over 48 years.

Thank you, and congratulations!

Sincerely,

Howard N. Stewart
